WORK

Problem Statement

HOME

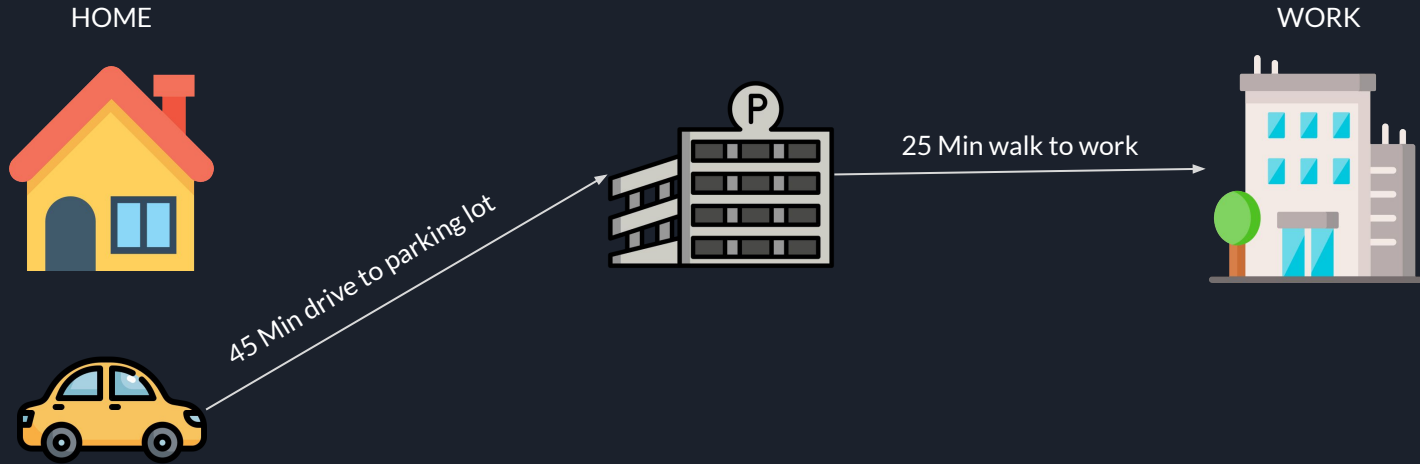

WORK

45 Min drive to work

Problem Statement

Problem Statement

EVERY WEEK

- Sarah spends more than 4 hours walking to/from work
- This is not why she bought a fully autonomous vehicle

Problem Statement

EVERY WEEK

- Sarah spends more than 4 hours walking to/from work
- This is not why she bought a fully autonomous vehicle

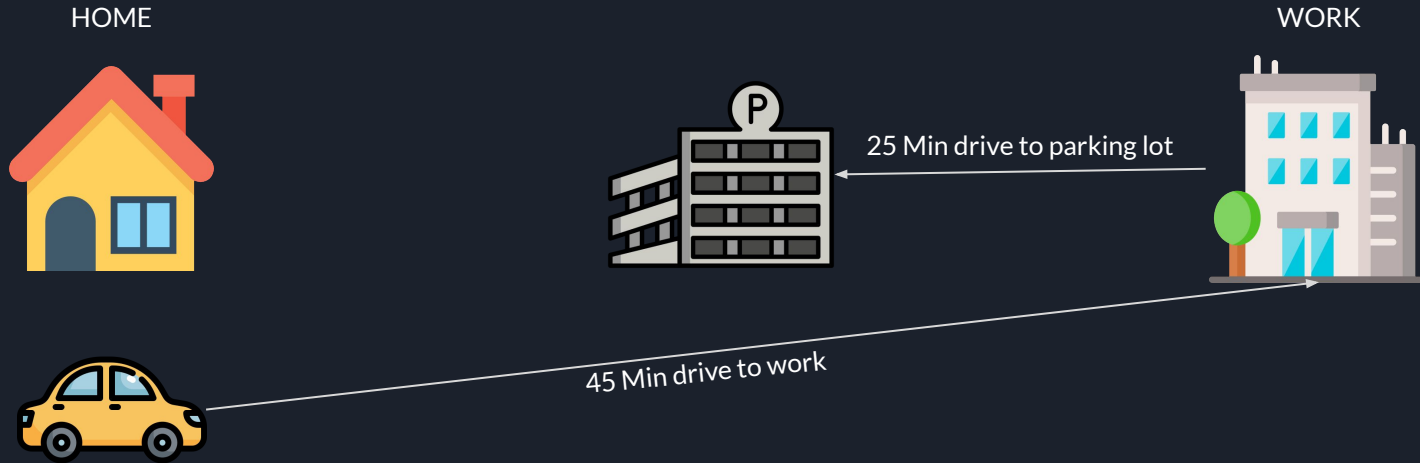

SARAH

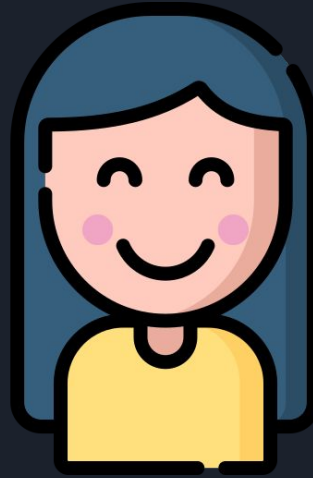

Our Key Message

	As a team we solve	the challenge of parking and payment for fully autonomous vehicles in big urban areas
	for the target group	car owners
	by	integrating a cryptocurrency payment system , enabling vehicles to autonomously pay for parking services
	and thereby provide	convenience and efficiency in urban mobility
